

Hercules *Terminator*™ 64/3D

3D, Graphics and Multimedia Accelerator

Awesome 3D Power!

Next-generation 3D acceleration delivers the most exciting game play ever! Real-time, photorealistic 3D performance like nothing you've ever seen on the PC!

Serious Graphics Performance!

High resolution GUI acceleration with DirectDraw support and rock-solid refresh rates for no-compromise performance from your most demanding applications!

Breathtaking Multimedia!

Our sophisticated multimedia engine makes your PC come to life with smooth, full-screen video. Low-cost add-on lets you add hardware MPEG playback.

The Best Support In The Business!

A Toll-free hotline. The fastest, most professional online support. Automatic driver update notification. We know how to treat you *right*.

3D Features

- ❑ Supports accelerated MIP mapping with trilinear filtering, video texture mapping, depth cueing and fogging, alpha blending, Z-buffering, and other powerful 3D features (drop by our web site at www.hercules.com for a complete education on 3D technology!).
- ❑ Direct3D, Reality Lab, 3DR, Criterion RenderWare, Argonaut BRender, and OpenGL support.

Graphics and Multimedia Features

- ❑ Sophisticated graphics engine accelerates line and polygon drawing, filling and BitBLTing.
- ❑ Exclusive Power Drive™ Windows 95 drivers.
- ❑ Refresh rates of up to 120Hz.
- ❑ Digital video acceleration includes high-speed color space conversion, video scaling and filtering, and color key support.
- ❑ Complete Windows 95 DirectDraw support for a wide variety of 2D games and multimedia applications.

Specifications

- ❑ 64-bit S3 ViRGE 3D, graphics and multimedia engine.
- ❑ Full SuperVGA support – a one-card solution. VESA BIOS extensions in ROM.
- ❑ 2MB single-cycle EDO DRAM display memory and Z-buffer storage.
- ❑ PCI Bus.
- ❑ Multimedia expansion port for connecting optional TMPEG2000 MPEG-1 decompression daughtercard.
- ❑ VESA DPMS, DDC 1, DDC-2B for Plug-and-Play support.
- ❑ Five year warranty.

Bundled Software

- ❑ Xing Technology's XingMPEG Player for accelerated, full-screen MPEG, VideoCD and CD-i playback.

"Sell those PlayStations this summer, while you can still get a good price for them."

Multimedia Power Tools

Hercules Entertainment Center™

This all-new multimedia application gives you a familiar consumer electronics component-style control center that allows you to fully customize all your multimedia applications. Instantly catalog, locate and play MIDI, Wav, and Video files. Play audio CD's, VideoCD and CD-I features. Build track catalogs and perform sophisticated playback programming.

Hercules Touch 95™

A fully integrated utility suite that seamlessly integrates into Windows 95. It features a flexible, customizable virtual desktop, sophisticated monitor adjustment tools for independently selecting resolutions, refresh rates, adjusting image size or position, and zoom magnifying your screen to work up to 8x!

Refresh Rates*
