Purpose

MedMicro is a set of electronic flash cards for test review, and is in no way intended to be used as a guide for the treatment or diagnosis of disease. Updates and expansions will make this multimedia document more comprehensive. Intended users are students and educators in settings ranging from high school to college. Please feel free to share the unregistered version with friends, associates, and post it on Internet sites. We hope that this multimedia document is a useful addition to your software library. This document was written in the portable document format (PDF) using Adobe Acrobat 3.0 and Lotus Ami Pro 3.1. The Acrobat Reader program can be obtained at

<http://www.adobe.com/prodindex/acrobat/readstep.html>.

Acrobat Reader is available for the following platforms: Macintosh, Windows, Sun Solaris, SunOS, IBM AIX, HP-UX, Silicon Graphics IRIX, LINUX, OS/2, and MS-DOS. Adobe Inc. does not endorse or support this Micro document in any way.

Planned expansions are:

Version 3.0 (Fall 1998)
Parasites and Fungi
