

# MegaClicks 1.0

XComsoft Ltd., 1999-2002

**Title:**  
MegaClicks 1.0

**Category:**  
Games

**Genre:**  
Board, Puzzle

**Description in brief:**

An easy, an amusing and a beautiful puzzle at the same time. The objective of it is to leave the less number of "items" on the game field having done the minimum clicks on them. Tap the cellblocks of the same color arranged not in a diagonal line and they will disappear changing the color scheme and providing different variants to continue the game.

**Features:**

Three levels ("Difficulty" option) - "Easy", "Hard", and "Medium". Five "skins" - "Balls", "Puzzles", "Modules", "Plates", "Cylinders", Auto Save, Auto Load, Undo (of the last move), Sound (with mute), High Scores (Top 10), High Color animation graphics.

**Platform:**

Windows CE 3.0 or higher (SH3, MIPS, ARM CPU's)

**Device support:**

Pocket PC (MIPS, SH3, SH4, ARM CPU's)

**License type:**

Shareware

**Size (RAM usage, kb):**

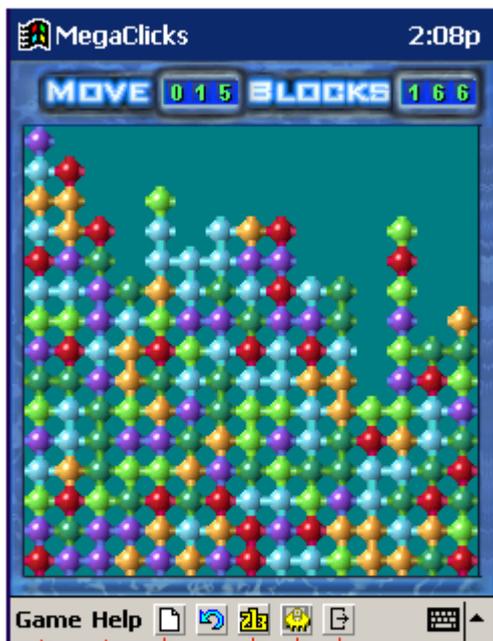

143 KB

**Installation**

Click the program sign on your desktop and follow the common instructions. Installation will be done automatically.

**Description**

Tap (click) the places on the game field where the blocks of items of the same color are. They will disappear to free the space for top blocks. Each "click" and the number of items that disappeared from the game field are counted. To get the high score make the maximum of items disappear at one click. You can change 5 available "skins" any time you want, undo the wrong move (Undo option), switch the sound off or on, save the current or load the saved game.

**GOOD LUCK, HIGH SCORES AND ENJOY YOUR TIME WITH THIS GAME!**

The MegaClicks is a shareware. Its usage duration is limited by a 7-day trial period. If you want to buy it, address to: <http://www.xcomsoft.com>
